

IMPLEMENTING WEB APPLICATION

Create UI To Interact With Application:

A login screen for a 'Personal Expense Tracker' application. The screen has a dark blue background. In the center, there is a white card with a blue header 'Personal Expense Tracker' and a subtitle 'Login to your account.' Below the header, there are two input fields: 'Email' and 'Password'. A blue 'Login' button is positioned below the password field. At the bottom of the card, there is a link that says 'Don't have an account? Register'.

A registration form for a 'Personal Expense Tracker' application. The form is titled 'Registration' and is set against a dark blue background. It contains several input fields and a 'Register' button. The fields are arranged in two columns. The first column includes 'First Name', 'E-mail', 'Password', 'Phone no', 'Address 1', 'Pincode', and 'Gender'. The second column includes 'Last Name', 'Confirm E-mail', 'Confirm Password', 'Date of Birth', 'Address 2', 'Country Name', and 'Gender'. The 'Date of Birth' field has a date picker icon. The 'Country Name' field has a dropdown menu. The 'Gender' field has three radio buttons: 'Male', 'Female', and 'Other'. A blue 'Register' button is at the bottom of the form.
